Subject: IAM's Cross-Mentorship Program

Hello Jon,

I hope you are doing well. (I could add: "during these trying times" but that phrase is getting a bit tired...and I am hoping we can retire the phrase sooner rather than later, with the vaccinations getting administered and the inauguration getting close to being in the rear view mirror).

I have a special request. As you may recall we announced the IAM's Cross-Mentorship Program in November. Would you be willing to circulate the link below to the Board and ask that each board member sign up directly on the Google doc. If a mentee contacts them, and they cannot accommodate them, that is completely okay. But it would be great to have participation by leadership in this wonderful opportunity. Here is the link and those who are willing can simply type their information directly on the document!

It is my understanding that a handful of mentees have already shadowed some of our esteemed members. Let's keep it going! If you have any questions, please let me know.

Be well!

Warmest regards,
