

## IAM Mentorship Month Motion

- From Wendy Kramer, Chair of IAM's Mentor Program, as read by Jeff Krivis at IAM's online gathering on April 25, 2020:
  - "I would like to declare the month of May as Mentorship Month dedicated to Ken Cloke. Ken has been a mentor of mine (as he was for many of you) since I entered this field in 2004. Ken has always given so generously of his time, sharing the depth of his experiences and wisdom, deeply listening to our questions and comments, teaching us, writing books for us and encouraging us to rise to the highest level of best practices. As we thank him once again for his teachings, his generosity and his wisdom, I want to ask you all to give serious thought to identifying someone to mentor in the next month. We have been given this unexpected pause in our otherwise overcommitted and hectic lives – let's use it to honor Ken and all of the mentors who have helped us along the way. The details of the mentorship program are on the IAM website as is the application. I hope to receive a flood of applications! Thank you."
  
- IAM's President, Chuck Doran, is making a motion to declare each May as Mentorship Month dedicated to Ken Cloke starting on May 1, 2020.
