

IAM PRO BONO COMMITTEE REPORT

October 7, 2020

The Pro Bono Committee expanded our membership to include several international members to explore new initiatives. In addition, we continue our interest in expanding programming in Los Angeles, especially in light of needs created by the pandemic.

Additional goals for the Committee continue to include:

1. Expanding our relationship with public interest organizations.
2. Growth of committee membership in satellite test areas appears daunting unless additional volunteers join the Committee.
3. Publicize the work of the committee (e.g., Los Angeles Daily Journal) to attract more users.
4. Plans are presently on hold for scheduling a training program with Bet Tzedek Legal Services in Los Angeles in light of the pandemic.
5. Reach out to IAM Members on the ListServe to encourage (a) membership on the committee and/or willingness to take cases; and (b) publicize the availability of the program to appropriate clients.

Chair: Greg Derin gdderin@derin.com
