

International Academy of Mediators

Strategic Planning Update Report - Steve Paul

Jerry Weiss, Joyce Mitchell, and Steve Paul had an Inaugural meeting to discuss initial steps for embarking on a strategic planning (and mission statement) process. Chuck Doran will also serve on this Committee, with other to be determined IAM members to join the Committee (to ensure international/broader representation, including with long-time IAM institutional experience, newer member(s), geographic representation, and diversity). Next steps will be to review/interview possible outside consultants/facilitators to assist in the process and bring that to the Board most likely at our next Board meeting in February 2022. The Committee will be mindful of expense, fit, and process logistics before recommending any consultant to the Board for approval.
